Quality of Information

Privacy & Security Notice

Welcome

The Defense Advanced Research Projects Agency (DARPA) is the central research and development organization for the Department of Defense (DoD). It manages and directs selected basic and applied research and development projects for DoD, and pursues research and technology where risk and payoff are both very high and where success may provide dramatic advances for traditional military roles and missions.

Click here for directory of DARPA Technical Staff

Favorite places to visit within the DARPA site.

1. DARPATech 2004

Highlights

► Grand Challenge 2005 website, click here. Webcasts, videos and pictures also available at www.grandchallege.org.

► Archived website for Grand Challenge 2004, click here.

► Proceedings from the 24th DARPA Systems and Technology Symposium (DARPATech), held August 9-11, 2005.

► New! DARPA contractors, click here for information on how to submit a request for approval for public release.

► Presentations from past DARPA symposia and conferences, click here.

► DARPA has been granted **Experimental Personnel Hiring Authority** fc eminent scientists and engineers from outside government service to ter appointments with our agency. This authority significantly streamlines ar accelerates the hiring process. For additional information regarding this program, and for further employment opportunities at DARPA, please ref DARPA Human Resources.

► If you are a former DARPA employee, please make sure that your curren mailing address is on file at DARPA. Send an e-mail to: Admin-Support-Center@darpa.mil, or call (703) 526-6629 to provide your current addres
